

Summer Reading Club 2010

At the

SOMERSET COUNTY LIBRARY

Sign up for the **Make a Splash – READ!** reading club, read and earn prizes. Keep track of the books read or read to you to earn prizes for every 5 books.

Help your school win the prize for the most books read! For every book you read, your school will get points, and the school with the most points by August 29 will get a trophy!

The more you read, the better you get, the more prizes you earn and the more points for your school!

How do I get involved with Summer Reading?

Go to your local branch of the Somerset County Public Library at any time during the program to register.

How much does Summer Reading cost?

Nothing! It's absolutely free!

Win prizes when you register for Summer Reading!

When you sign up for Summer Reading, you'll get a free goodie bag stuffed with a reading record, pencil, stickers and more. Earn prizes each week and have fun reading at the same time!

What will I be reading?

You can read magazines, newspapers, books from a school reading list, or any book that you like! There are also some other reading activities on the incentive sheet.

Somerset County Schools Summer Reading Lists: Grades: PreK, Kindergarten, 1, 2, 3, 4, 5.

If someone can't read yet, can they still join?

You're never too young to join in the fun! Good listening counts for children who have not yet learned to read. For children birth to 5 years old see the information on the Pre-school READ-TO-ME Club in the Programs section on our web site.

Will there be any special Summer Reading Events at my library?

Oh yes! Don't miss any of the fun events at your library. There are activities for all ages, just ask at your library, call or go to the Programs on our web site.
